For insurance product aspect, in order to strengthen the insurance enterprise's control over improper solicitation of its business personnel and cooperative channels as well as to enhance protection measures for the rights and interests on the insurance taken out by elderly customers and on the digital insurance policy used by policyholders, the Financial Supervisory Commission (the "FSC") has amended the "Regulations Governing Business Solicitation, Policy Underwriting and Claim Adjusting of Insurance Enterprises" to the extent that for insurance enterprises selling insurance products to elderly customers, the sales processes are required to be retained in audio or video recordings, or the trail of related operational processes shall be retained by means of electronic equipment. In view of the fact that insurance enterprises have generally sold high-saving insurance products in recent years, resulting in rapid growth in premium income as well as the allocation of such funds, asset-liability management and other derived issues, the FSC has amended the "Regulations Governing Pre-sale Procedures for Insurance Products" in order to strengthen the sound development of the insurance industry, accelerate the innovation of insurance products, and encourage insurance enterprises to promote protection-type insurance products as well as insurance products for seniors so that insurance will return to the essence of protection insurance. In order to facilitate the smooth promotion of various innovative service businesses applied for by insurance enterprises at the time when such products are available on the market in response to the retirement planning and protection demands of consumers so as to enhance the effectiveness of successful trial cases in the insurance business, the FSC has amended the "Directions for Insurance Enterprises Conducting Electronic Commerce" and related laws and regulations to open up insurance enterprises to cooperate with enterprises in other industries for undertaking online insurance businesses and services, to enhance the convenience for consumers to get their identify verified as well as the payment methods when taking out insurance online, and to add investment-linked annuity insurance as well as marine activity comprehensive insurance as online insurance products. 資金運用方面，為協助降低受疫情影響不動產承租戶之租金負擔，金管會頒布「保險業辦理不動產投資有關即時利用並有收益之認定標準及處理原則」之相關暫行措施，於暫行措施適用期間，保險業因租金降低致其持有之投資用不動產未符合處理原則所訂出租率及收益率等標準者，得以現已達可用狀態並已訂有租約且提供承租戶相關協助措施之標的為限，辦理延展即時利用期限。

其他方面，為強化落實對保戶權益之保障，金管會修正「投資型保險資訊揭露應遵循事項」，強化保險業辦理投資型保險業務對於連結投資標的之淨值內扣費用、投資績效、投資報酬率舉例、收益分配來源等事項之資訊揭露；考量保險業之總機構法令遵循主管，應熟稔保險相關法令及通曉保險業實務運作，並專注公司之法遵業務，以利公司之法令遵循，金管會修正「保險業內部控制及稽核制度實施辦法」，規範總機構法令遵循主管除所得兼任不具利益衝突之職務外，應為專職且不得兼任其他職務；為強化重大偶發事件之處理機制，及基於金融監理之一致性，金管會修正「保險代理人公司保險經紀人公司內部控制稽核制度及招攬處理制度實施辦法」，明定內部控制之作業程序應包括「重大偶發之處理機制」。

因國際會計準則理事會（IASB）IFRS 17，國際上將自 2023 年 1 月 1 日生效，我國則預計於幾年後接軌，為加強國內保險業及其他產業、國際企業間財務報告之可比較性，此項工作成為壽險業刻不容緩之挑戰；再者，近來全球金融市場波動加劇，全球利率降低，進而導致衝擊壽險業淨值；金融科技浪潮的競爭壓力、疫情影響擴大，壽險業該如何因應並維繫保險業務穩定發展，將為我業界共同努力之方向，冀群策群力凝聚共識，為壽險業營造良好生存環境及完善社會大眾保障體系架構，以達成安和樂利民生社會之理想境界。

For investment activities, in order to help reduce the rent burden of real estate tenants affected by the pandemic situation, the FSC has issued the relevant interim measures of the "Determination Criteria for Prompt Utilization with Profitability and Handling Principles for Insurance Enterprises Undertaking Investment in Real Estate". During the application period of the interim measures, if the insurance enterprise's investment in real estate does not meet the occupancy rate and the rate of return specified in the Handling Principles due to the decrease in its rents, the insurance enterprise may extend the period for prompt utilization to the extent of the target that has achieved the usable state and has been subject to a lease contract and that the tenant has also been provided with relevant assistance measure.

As for other aspects, in order to strengthen the protection of the rights and interests of policyholders, the FSC has amended the "Guidelines for Disclosure of Information for Investment-linked Insurance" to strengthen insurance enterprises in undertaking investment-linked insurance businesses with regard to the deduction of fees within the net value of the linked investment target, investment performance, examples of return on investment, sources of income distribution, and other information to be disclosed. In consideration that the chief legal and compliance officer of an insurance enterprise's head office shall be fairly familiar with insurance related laws and regulations as well as be proficient in insurance practices, and focus on the company's legal and compliance business so as to facilitate the company's legal and compliance business, the FSC has amended the "Regulations Governing Implementation of Internal Control and Auditing System of Insurance Enterprises" to regulate that the chief legal and compliance officer of the head office shall be a full-time position without concurrently holding other positions except for concurrently serving a position without conflicts of interest. In order to strengthen the handling mechanism of material contingencies as well as for the consistency of financial supervision, the FSC has amended the "Regulations Governing the Implementation of the Internal Control and Audit System and Business Solicitation System of Insurance Agent Companies and Insurance Broker Companies" to specify that the operating procedures of the internal control shall include the "material contingencies handling mechanism".

As the International Accounting Standards Board (IASB) officially issued the International Financial Reporting Standard No. 17 (IFRS 17) concerning "Insurance Contract" which will take effect internationally on January 1, 2022, and the R.O.C. is expected to comply in a few years, the relevant work has become a challenge for the life insurance industry in order to strengthen the comparability of financial reports of the domestic insurance industry with those of other industries and international companies. Moreover, due to the intensification of global financial market volatility, the scope of impact from the pandemic situation has expanded; and the widespread implementation of easing policies around the world has kept interest rates rather low, leading to an impact on the net worth of the life insurance industry; the competitive pressure of the financial technology wave, and increased demands for the protection of information security. Under such circumstances, how the life insurance industry reacts to the changing environment and maintains the stable development of insurance businesses will be the issue for the insurance industry to jointly endeavor and make headway.
